

SHAMROCK CARRIES OFF FIRST HONORS IN 1920 REGATTA

Accident to American Yacht Made Victory Possible

TO RACE AGAIN NEXT SATURDAY

SANDY HOOK, N. J., July 15.—Great Britain gained her first to hold in 49 years on America's cup today when Sir Thomas Lipton's challenger, Shamrock IV won the first race of the 1920 regatta, after the defender, Resolute, had been forced out by an accident to her rigging.

The green challenger must win two more races if she is to achieve Sir Thomas Lipton's dream of taking the trophy back to Britain.

Resolute must win three out of four to retain the cup which has been held by the New York Yacht club since 1851. The second race will start Saturday noon.

Victor From Defeat. In the face of what seemed certain defeat, Resolute had taken the lead and held it until, as she swooped within half a mile of the turning mark fifteen miles from the start her great area of canvas began to sink, fluttering down her mast.

A gust had snapped her throat halyard and a second later the jaws of her gaff were shattered. Captain C. F. Adams, II, sent two men aloft to repair the damage while the stricken yacht limped slowly around the turning mark nearly five minutes ahead of Shamrock IV. The men reported the extent of the damage and Captain Adams gave the order that furled Resolute's main sail and gave the race to Shamrock IV.

When the Resolute was seen to be in trouble, a tug bearing Sir Thomas Lipton's colors drew up to the steam yacht Victoria from which Sir Thomas was following his challenger. Many yachtsmen believed Sir Thomas was ordering Shamrock IV to fall to cross the finish line, making it no race. A statement he issued later said this was his initial impulse but that he had been persuaded by his companions to permit Shamrock IV to finish, as it was felt construction and sturdiness of the contender should be taken into account in determining the issue as well as that of the rival crews.

More than 100 craft followed the contenders over the thirty mile course.

Ovation for Shamrock. Shamrock IV was given a mighty ovation of whistles and sirens as she flashed across the line at 26 minutes 26 seconds after four o'clock, having completed the course in four hours, 25 minutes, 12 seconds.

The weather was anything but satisfactory. The rain weighted sails were declared by yachtsmen to have been largely responsible for the accident to the Resolute.

The rival yachts came out from their berths shortly after 10 o'clock. By 11 o'clock they were cruising in great circles about the Ambrose Lightship, jockeying for position. A feature novel in the races was the appearance over the course of air and sea planes—sailing craft—that had not been perfected when the last clash for the cup occurred.

Resolute will receive a new hal-yard tomorrow. The score tonight stands, Shamrock, 1; Resolute, 0.

Summary.

First Cup Race—Course, 15 miles to windward and return, wind south west light.

Shamrock—Started, 12:01:38; finished, 4:26:26; elapsed time, 4:25:12.

Resolute—Started, 12:00:40; disabled.

The Resolute will be ready to meet the Shamrock IV Saturday.

The defender parted her throat halyards at the wish below deck, which caused her main sail to slide down the mast and killed her chances to win.

The wooden gaff also sustained an injury and a new metal gaff was put on the Resolute tonight. Repairs will be completed tomorrow.

PREDICT REDUCTION IN COAL PRICE.

New York, July 15.—A reduction in the price of bituminous coal was predicted here today by members of the sub-committee of railroad officials and coal operators, planning to relieve coal shortage in New York City, New England and the northwest.

CITIZENS ARE UNDER ARMS IN NUEVO LAREDO

Are Giving Assistance in Protecting City From Rebel Attack

AIRPLANES ARE SENT TO SCENE

LAREDO, Texas, July 15.—The situation in Nuevo Laredo was quiet but tense tonight with whereabouts of 300 Mexican rebels who attacked the town early today unknown. Besides the garrison of about 300 several hundred citizens were under arms tonight.

Eight federal soldiers and one rebel were reported killed. It was also reported that eight or ten rebels were killed in a skirmish between Yaquis and rebels six miles south of the border. Fifteen wounded rebels were reported to have crossed to the Texas side.

American military authorities are watching the situation. While fighting was in progress United States aviators flying low over the Mexican town dropped notes warning the combatants not to fire into American territory.

Reinforcement for United States units at Laredo were enroute here tonight.

San Antonio, Texas, July 15.—The United States army garrison at Laredo is being reinforced following receipt of information of hostilities across the border it was announced today. Four airplanes carrying battle equipment were sent to Laredo today and a machine gun company was ordered to return there.

The four airplanes flew down last night to Laredo arriving at dawn today. They were commanded by Captain A. G. Brooks. In announcing the despatch of additional troops Colonel A. E. Saxon said the action was merely precautionary.

BEGIN WORK ON DECATUR RESERVOIR

Mayor Borchers Turns First Spadeful of Earth—Ten Thousand Citizens Join in Community Sing and Other Festivities.

Decatur, Ill., July 15.—Ten thousand citizens tonight gathered on the banks of the Sangamon River here and celebrated the beginning of work upon the million dollar water impounding dam which is to insure a sufficient water supply for Decatur for the next 100 years.

Mayor C. M. Borchers turned the first spade full of earth with a silver spade purchased for the occasion. There was a community sing, a program of dances, speeches by prominent citizens and a water carnival.

The building of this dam, financed by a bond issue and a holding corporation of Decatur citizens is said to be the largest undertaking of its kind ever undertaken in the United States by a city of Decatur's size.

The borders of the big lake to be formed will be beautified by the city and plans are being made to make it a great pleasure resort.

TRADING IN WHEAT RESUMED THURSDAY AFTER LONG RESPITE

Wheat Pit Scene of Uproar After Three Years' Silence

INTEREST WAS SHORT LIVED

CHICAGO, July 15.—Re-opening of future delivery wheat business today attracted numerous visitors to the Chicago Board of Trade, but a spectacle it was all over in a few minutes.

The big trading hall was crowded to witness the fresh start of business after a stoppage of nearly three years because of war conditions. Everybody in consequence in the grain trade of Chicago appeared present. The scramble came in a twinkling and the old time uproar of the wheat pit was renewed. Turmoil proved brief, however, and the opening quotations had scarcely been chalked up when many brokers began to troop into the corn, oats and provisions. Heavy margins necessary to cover price movements had apparently checked trading.

Price changes were within ordinary limits with December wheat at \$2.75 and closing weak at \$2.70% influenced more or less by weather conditions.

Professor J. E. Boyle of Cornell University who is making a study of the marketing of grain, watched the trading.

"What impressed me was the narrow range of prices," he said, "and the fact that country elevators resumed hedging their wheat almost as if there had never been an interruption. Now that sales may be made in the open market I look for a constantly increasing volume of business."

RETURNS FROM YEAR'S HUNT IN AFRICA

SAN FRANCISCO, July 15.—Stewart Hodges, big game hunter of Chicago, returned today from a year's hunt in the African jungles, during which he collected six tons of hides of elephants, lions, tigers and other wild beasts.

He had a close call with death when he was charged from the rear by a cow elephant while he was firing on a bull elephant. The monster surged by with her head covered with underbrush which blinded her thus saving his life, he said.

It does not seem possible but is said to be a fact that Wanderer, the confessed murderer of his wife and an unknown stranger, has in his prison cell in Chicago received numerous notes of sympathy. It is almost beyond conception that sympathy is wasted on such a subject. Persons who write notes and send flowers to a criminal of this class may not be as evil-minded but are certainly just as weak.

Your bodily and mental efficiency are important factors right now. It's no time to be sick. It's no time to allow your system to be drained of its vitality to such an extent that you can do only a part of the work demanded of you.

You can't be efficient if you are ill. So begin now to take steps to remove the cause that leads to these periods of intense suffering and accept the help of Chiropractic so you can be 100% efficient and vigorous.

Why Women Suffer

Most women suffer primarily from deranged function caused by spinal pressure on the nerves. This pressure shuts off, or obstructs, the life-giving nerve energy, and weakness and disease affect certain organs and tissues of the body. Chiropractic corrects these spinal defects, and thereby removes the cause of illness. Nature cures the effects and builds up the weakened and diseased organs. No drugs, no surgery are used.

CHIROPRACTIC
The BETTER WAY TO HEALTH

is Nature's way. It is safe, sensible and sufficient as a national health method, and it has proven wonderfully effective in women's ailments. There is nothing in the chiropractic (Ki-ro-practic) method that should prove the least embarrassing. Investigate.

The trail, the strife, the dance hall glare. The blood of youth adventuring. And through it all—a soul, as only Griffith can paint it on the screen. Presented by a great cast, including Richard Barthelmess, Clarine Seymour, Carol Dempster. In this, his newest photoplay, D. W. Griffith turns the lens-light of his magical art on a new story of the olden west—a story of high-pressure fascination in which is woven the primitive, full-color, impassioned romance of the days when the west was all outdoors. Lovers of adventure, lovers of thrills, lovers of color and beauty, of excitement and suspense, lovers of love—come!

The little daughter of Mr. and Mrs. Allen Franz, 735 North East street, received a painful injury in the left arm pit Thursday evening when she was impaled on a picket fence.

Painters had been at work painting the house and left a ladder standing on its edge against the fence. The little girl climbed on the ladder and was leaning with her arms on the pickets.

The ladder suddenly turned causing her to fall and one of the pickets pierced the flesh in the left arm pit terribly bad. The child was taken to Our Savior's hospital, where Dr. King gave the necessary surgical attention. No serious results are anticipated.

Will sell in tracts of 40 acres up to 400 acres at \$275.00 per acre, or will sell entire tract for \$425,000.00, machinery included.

This is first class land worth the price and has to be seen to be appreciated, and equally as good as land that sells at \$500 to \$600 per acre.

Investigate this or, better, come and see it. It produces heavy crops and is close to market.

**Boudoir talks with Sybel
on how cocoa butter restores
color to a sallow skin**

I see many city women with a skin so sallow that it shows even under the rouge and powder. I always thought it was caused by lack of fresh country air, but Sybel tells me that even in crowded cities a sallow skin can be made radiant with health.

The beauty of a lovely woman, dear, lies chiefly in her skin. When your skin becomes pale and puny-like, it is nature's cry for assistance. The pores are clogged with waste material that under normal conditions would be expelled. The pores must be cleaned and the skin refreshed.

"Cocoa butter is a wonderful skin food and Coco-Bloom my cocoa butter cream, is pure cocoa butter combined with other ingredients that are skin renewers. Before applying the skin food you must open the pores. Do this by entirely covering the face with steaming hot towels, leaving just a wee opening over the nose for breathing. After doing this about two or three times you will be able to cleanse and nourish the skin with Coco-Bloom."

"Rub the Coco-Bloom in until it is thoroughly absorbed, using a rotary motion. A few minutes later you will notice a velvety glow.

Now use hot then cold towels followed by witch hazel, and you will find that in a short time your face will regain its natural bloom and your skin its normal condition.

"Remember, Coco-Bloom is *cocoa butter cream*, and it supplies exactly what is needed to make your skin healthy."

Send 10 cents to the Coco-Bloom Laboratorie, 1200 N. Dearborn Street, Chicago, Ill., and receive a sample and instructions booklet, "The Bloom of a Perfect Skin," or purchase a 75c jar today at any one of the following druggists:

SORRY SHAMROCK WON THRU A FLUKE

Sir Thomas Lipton Said He Would Much Prefer Not to Accept the Race.

Aboard Steam Yacht, Victoria, (By Wireless to The Associated Press), July 15.—A victory that was not earned is the way Sir Thomas Lipton summed up today's race.

"I am exceedingly sorry that Shamrock won thru a fluke," he said, "and I would much prefer not to accept the race. I am convinced by my friends, however, that such a course would not be for the best interests of yachting. I can say positively that it is no pleasure or glory for me to win a race thru a fluke."

"Resolute did exceedingly well and made a fine showing, but with a good steady breeze Saturday I am convinced my Shamrock will come out a winner."

When it was pointed out to him that precedent in other sports dictated that a contestant must

"Yes, but that is not Tom Lip-ton's way."

The victory gave him no feeling of exultation.

Sir Thomas viewed the race from the steam yacht Victory. He was host to more than a hundred guests and his yacht kept close behind the racers. He was time and again called to the rail to acknowledge cheers and greetings.

**GAINED 20 POUNDS

PERFECT TONIC**

Then Mrs. Walters Says, "I Can't Remember When I Ever Felt So Good Before."

Decatur, Ill., July 15.—"I honestly believe Trutona saved my life, for I can't remember when I ever felt so good before, and I've gained twenty pounds in weight," says Mrs. Robert Walters, who lives in Decatur at 564 South Main street.

"My stomach had been out of shape for two years. I would swell and bloat so badly at times that I could hardly button my clothes. The gas formations would press against my heart causing that organ to flutter, and I'd become short of breath. I was almost afraid to eat anything, because of the terrible after-suffering it always produced. The only nourishment I took for supper was a glass of milk, and often, even that, would hurt me."

"A neighbor told me of the wonderful relief she had gained thru Trutona, and I decided to try it, and the result is that the Perfect Tonic has just made a new woman of me. I can eat a big hearty meal now, and never suffer afterward. And to think, before I took Trutona, I was pale and thin and couldn't remember when I'd had a good night's sleep. My bowels are in fine condition now, and I certainly am thankful for my picking up in both weight and strength. I'm more than glad to recommend Trutona."

Trutona's healthful action reaches every portion of the body, and performs its work faithfully and efficiently. Trutona rebuilds diseased nerves and tissues, creates a healthy appetite, and assists in the assimilation and digestion of the food.

Trutona is sold in Jacksonville by Coover & Shreve and in Franklin at Wyle Drug Co., and also in Waverly at the Wyle Drug Co. (Adv.)

Moundoman's Club
Entertained at Mercedosia Bay.

The members of the Mound Woman's club and a large number of guests motored to Mercedosia yesterday morning and were entertained at the summer home of Mr. and Mrs. V. R. Riley on Mercedosia Bay.

A bountiful dinner was served by the hostess after which the

club held a short business session and transacted some routine business. A letter was received from the French orphan which the club is taking care of.

The members and guests spent the remainder of the afternoon on the bay boating and swimming and returned home late in the afternoon.

Hebron Congregation
Welcomes Rev. and Mrs. Ragan.

The members of the congregation of Hebron church gave a delightful reception last evening at the church in honor of their minister, Rev. Raye Ragan and his bride. There were about two hundred persons present at the reception.

The superintendent and teachers of the Sunday school received the guests. They assembled in the basement of the church where the committee in charge served an elegant two-course supper.

Singing contests in which the group led by the pastor won first place, formed part of the evening entertainment.

Rev. E. L. Pletcher and Rev. J. O. Kirkpatrick made short talks and E. E. Hart, superintendent of the Sunday school made a talk on behalf of the congregation presenting Rev. Ragan and his wife with a beautiful set of silverware. Rev. Ragan responded with appropriate remarks.

The Domestic Committee was: Mrs. Clyde Martin, Mrs. Van Ward, Mrs. Amos Swain and Miss Faye Hart.

Noble Grand Club Met

ENTERTAINMENT GIVEN
A number of small children gave an entertainment recently on the lawn at the home of Mr. and Mrs. C. A. Fiedler, 1127 West Lafayette avenue. The admission fee was 5 and 10 cents and the neat sum of \$5.10 was realized, which was donated to the American Legion. The children deserve much credit for the success of the undertaking, the manner in which the various parts were presented indicating that much time and thought had been devoted to the preparation. The children who took part were Dorothy Fiedler, Barbara Kennedy, Katherine Goebel, Lamont and James Edward Potter, Farrell Fiedler. The latter is just two years of age but carried out his part well. The program included songs, dances and tableaux.

COURT AGAIN DECLARES GRIGGS IS NOT GUILTY

Justice Bayha again decided that P. H. Griggs was not guilty of violating the medical practice act of the state when he was arraigned in his court for the third time Thursday.

The complaint was made by Cassius Earler, representing the department of registration and education. On this occasion Mr. Earler was present at the hearing.

States Attorney Carl E. Robinson appeared for the people while W. N. Hairgrove appeared for Mr. Griggs. The attorneys made quite an extended argument to the court on the interpretation of the law.

It was brought out that the rule under which Mr. Griggs has been arrested and tried is not a law made by legislative action but a rule made by the department of education and registration.

After hearing the arguments and also a number of witnesses the court dismissed the case. The court held that the board had

ERROR IN DATE OF MURRAYVILLE PICNIC

The Journal in Thursday's issue stated that the annual picnic of the Ladies' Aid of Murrayville M. E. church would be held August 29.

This was in error. The picnic will be held Wednesday, July 28, and is an all day affair. Yesterday the members of the aid in autos, accompanied by a quartet and orchestra visited Roodhouse, White Hall, Manchester, Woodson, Alexander and Franklin advertising the picnic.

BROOKLYN CHURCH BURGOO AUGUST 11

Committees Have Been Named for the Event—Will Meet Again Next Week.

The people of Brooklyn church have selected Wednesday, August 11th as the day on which to serve burgoos and other good things to eat to the people of Jacksonville. The general committee on arrangements met at the home of Mrs. Chas. A. Sheppard Thursday evening and started to get busy in order to garner in those ingredients which are necessary to make the best kind of burgoos.

A number of chairmen of various committees were named, and the chairman and others on the committees are expected to meet at the church next Tuesday evening at eight o'clock to complete other details.

It is planned to serve soup from eleven o'clock until late at night, and in addition to the soup there will be ice cream, pie and good eatables.

Among those named at the meeting are the following:

Mrs. J. Bossarte and Mrs. C. O. Redding to engage a soup maker and the necessary paraphernalia.

Mrs. J. A. Walters, chairman on sandwiches.

Mrs. Eva Potter, chairman on pies.

Mrs. T. B. Reeve, chairman on coffee and ice tea.

New York, July 15.—"Babe" Ruth of the New York American league club knocked his twenty-ninth home run in the game against St. Louis today, equaling his major league record made last year. His hit in the eleventh inning won the game for the Yankees, there being two men on bases. The score was 13 to 10.

Ruth took but little more than half the season to equal his record. He failed to pound out a circuit smash in April, but made an even dozen in May and in June. His best performance was in the

Ride on Goodyear Tires in That Sturdy Small Car of Yours

It surprises certain users of small cars to find that they can obtain Goodyear Tires at a first cost ordinarily not greater, and sometimes less, than that of other tires.

This initial value, as well as the very low final cost, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to 30x3, 30x3½, and 31x4-inch sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell, or Dort take advantage of the opportunity to enjoy real Goodyear value and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at the nearest Service Station.

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size \$4.50 in waterproof bag.

30 x 3½ Goodyear \$23.50 Double-CureFabric, All-Weather Tread

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and sooth and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

is the dentifrice that contains the properties recommended as ideal by United States Army dental surgeons

operative Crop Reporting Service, based on reports of 1,200 crop correspondents throughout the state and included in federal and state joint crop report just issued.

Estimates as compared with last year's yield are as follows:

Winter wheat, 27,752,000 bu.; last year 57,800,000 bu.

Spring wheat, 27,752,000 bu.; last year 57,875,000 bu.

Oats, 137,789,000 bu.; last year 123,660,000 bu.

Barley, 5,717,000 bu.; last year 5,724,000 bu.

Rye, 3,400,000 bu.; last year 4,125,000 bu.

Crops of apples, peaches and pears will all exceed last year's production, according to indications.

The crop of apples in June was 75 per cent normal and crops of peaches and pears were both 70 per cent normal.

Conditions of other various minor crops of the state on June 1 were reported as follows:

Clover for hay 87 per cent normal; alfalfa 98; pastures 90; field beans 85; cabbages 84; onions 91; blackberries and raspberries 92; watermelons, 80; muskmelons and cantaloupes 82; sugar beets for sugar 90; cherries 67.

Cool weather in May had a good effect on winter wheat but work of insect pests and too much moisture overcame the advantage and the crop deteriorated during the month. Late sown wheat has done much better than that sown earlier. Wheat is leading in southern section.

Although acreage of spring wheat has been reduced, and conditions have been against it, prospects are excellent. Unfavorable conditions also reduced the acreage of oats, but the farmers have exceeded their promise in seedling, and have planted 93 per cent of the 1919 acreage. Barley, also in smaller acreage, needs favorable weather to overcome the handicap of cold weather and wet soil.

Prospects for the hay crop are poor. Growth has been slow due to cold weather and moisture.

Southern Illinois reports serious damage to grass by army worms.

Much clover was winter killed.

There was some winter killing of alfalfa. Cutting of this crop is under way in central and southern sections.

Pastures are generally short and have been held back by wet and cold weather.

Apple trees bloomed profusely and promise a large yield.

There has been some damage from hail and beating rains but none from frosts, reported.

Peach trees in some places were touched by the frost in May. A heavy crop is not expected. Pears and cherries show only a fair prospect.

According to the report, Illinois has 390,000 acres in spring wheat, as against the 750,000 last year; and has 3,815,000 acres in oats, as against 4,102,000 acres last year; and 189,000 acres of barley compared with the 212,000 acres last year.

Will county leads in spring wheat acreage, with 29,145 acres sown. Iroquois county leads in oats, with 187,260 acres; and Ogle county leads in barley, with 14,853 acres.

FARMERS OF ILLINOIS TO PICNIC NEXT MONTH

Annual Joint Picnic of Agricultural Association and Sangamon County Farm Bureau to be Held September 1 South of Springfield.

Springfield, Ill., July 15.—Thirty thousand Illinois farmers will gather at Shoup's Grove, six miles south of Springfield, September 1, at annual joint picnic of the Illinois Agricultural association, and the Sangamon county farm advisor L. A. Maden. Promotion of county farm bureau work in the state, and state wide good fellowship among farmers are the announced objects of the picnic.

Although there will be speeches, lemonade and band music, the chief attraction at this year's picnic will be the horse-shoe. The barnyard game, the American variation of the almost universal game of quoits, has had a widespread revival of interest in the last few years. Every community has its devotees, the older they are, the more devoted.

Sangamon county boasts many experts at the game, some well past their span of seventy years.

These experts will provide a number of teams to contest with the players who come from other counties. Lists for this competition of county horse-shoe players will remain open until two weeks before the picnic.

Farm bureaus throughout the state are expected to send large delegations to the picnic. There are eighty bureaus already organized.

These with the farm communities yet unorganized are expected to send 15,000 people. A like number of Sangamon county farmer folk are assured.

Preliminary plans for the day just announced include addresses by J. R. Howard, Chicago, president of the American Farm Bureau Federation, and H. L. Strivings, Castle, N. Y., president of the American Federation.

M. W. Summers, Curran, president of the Sangamon county

farm bureau, will be temporary chairman, and Howard Leonard, Eureka, president of the Illinois Agricultural association, will be permanent chairman.

Further arrangements for the picnic are in charge of the Sangamon county farm bureau, executive committee of which M. W. Summers, Curran, is president and Harry E. Pickrell, Lanesville, is secretary.

Bound to Make Good on Your Car

FIVE navies use Gould Storage Batteries for the same enduring qualities of Dreadnaught Plates that give power and long life to the Gould Starting Battery.

Hard plates, that hold the active material firmly, outlast soft plates, but only in the Dreadnaught Plates is this rugged hardness combined with high power delivery.

This durability is the result of direct control of all the factors of manufacturing—even to the production of the vitally important lead-oxide. Such care is found only in the Gould plant.

Have your next battery a Gould—there's one for your car. Meantime, get the most out of your present battery by using our expert Gould Service regularly.

CITY OFFICIALS VISIT MAUVAISTERRE LAKE

Mayor, Several Aldermen and Park Board Inspect Land Adjacent to Mauvaisterre Lake—Offers Fine Possibilities for Park Purposes.

Soldiers who served in the Civil War and probably those who bore arms in the World War know what "grand rounds" means. The boys on picket always kept a weather eye out for the appearance of horses and riders and were always on the alert when the officer of the day and his staff appeared to see that all was in shape.

Yesterday morning something like this took place though I was wholly peaceable. The worthy mayor and council, the park board, Engineer Baldwin and others wanted to view the city's new possessions and accordingly an arrangement was made whereby the wish was granted.

Mayor Crabtree and Alderman Chapin supplied the motive power with two fine seven passenger cars and into them were loaded the two gentlemen named, the park board, Mesdames Hollings and Weihl and Messrs Brennan and Nichols, Member Metalcraft being out of the city, Mr. Weihl, Engineer L. V. Baldwin, Engineer H. L. Caldwell, Aldermen Cain and Williamson and Park Superintendent Joseph Hopper, all starting away at seven.

The first stop was at the new dam where the progress on the filtering plant was noted, the switch which is to save so much to the city, the new boilers for the power station and various other things.

Would Make Greek Theater.

Then the hill immediately south of the pumping works was climbed and a general view taken as far as possible. Incidentally the empty hole where was once a water reservoir for the Jacksonville State Hospital was seen near by and the wish was expressed that it might be turned into an amphitheater after the Greek manner of such construction as it would make grand place for certain entertainments.

The view across the lake is fine and the possibilities are great. The company then drove around to the east side of the Oak Lawn Retreat property noting what a grand entrance to a lake shore drive could be had along the avenue of trees on the west side of that property if arrangements to that effect could be made. The next objective was east of the Oak Lawn Retreat domain out to the border of Mauvaisterre Lake and there the view is again fine and among the trees along the lake are places for many summer cottages.

The auto wound their way along past the home of Jack Robinson south thru the fields to the Vandala road. The city owns considerable property along that way and Engineer Baldwin had with him the blue print map of the whole business and explained it as the party proceeded.

The route lay along the road running by the farm of R. S. Wood. There the men were grading the highway so as to have it above high water mark and the progress of the work was observed. The men are moving in a rapid manner and in due time the work will be completed and the concrete culverts constructed.

Then around the Vandala road to a spot near the Kitter farm where the company again alighted for a view of the new lake from a knoll shaded by fine forest trees. The mayor remarked that he was there last spring when the water was highest and the affair made him think of Lake Michigan. The water is much lower now tho there is ample supply for the city should there be no rain for a long time to come.

Talk of Lake Drive.
The matter of summer cottages, lake drive and various other projects were discussed and the possibilities are grand. Jacksonville can well be brought into a popular summer resort if only some moneyed men will open up and help along the project.

A final round was thru Nichols Park. The writer certainly thought the drives there were in good shape but it seems not to be the case, especially with the new eastern exit so Superintendent Hopper, Alderman Williamson, Engineer Baldwin with the mayor looked over the matter carefully and the preparation of the park drives in general and the east exit in particular was placed in their hands with absolute power to act and the determination to get the drives in fair shape at least before chautauqua time. As it is the park superintendent has but one team and cannot let the grass get ahead of him and consequently is unable to do all the grading, cinder hauling and other team work needed but additional power of some sort will be supplied and the work done. The hearty cooperation of the mayor and council is promised and the work should succeed and it will.

SUMMER SCHOOLS FOR NAVAL TRAINING MEN

Youths Between Ages of 16 and 20 to be Trained at Summer Schools at Hampton Roads and Great Lakes Training Stations.

Washington, July 15.—Summer schools for the training of youths between the ages of 16 and 20 years were opened today at the Hampton Roads and Great Lakes Naval Training Stations. Enrollments for the schools were received at the naval training recruiting stations and the applicants were required to pass the ordinary qualifications for enlistment in the navy.

Provision for these schools was made in the last annual appropriation bill. Those attending are required to enroll for three months in the naval reserve force. They will receive the pay of apprentice seamen for the six weeks' course, amounting in all to about \$50 and also transportation back to their homes. In addition, the navy furnishes a subsistence, uniforms and equipment.

While the schools will observe a naval routine in outdoor drills and exercises, there will be no "book" and it is purposed, officials said, to conduct them as much as possible on the lines of a "summer camp." Physical development, "education of character" and cultivation of naval tradition are set forth as the principal objectives. About 40 commissioned and non-commissioned officers have been assigned as instructors at each school.

While no actual cruises for attendants are planned, there will be numbers of small naval vessels available for their inspection and training in addition to boats and other small craft for recreation purposes.

SOON TO WED

August 4th Jacksonville is to lose one of its choice treasures. Miss Jane Young of West State street is to become the bride of Dr. W. H. Olmsted of St. Louis. They became acquainted while Miss Young was teaching in the school for the deaf there. Mr. Olmsted is one of the leading physicians of the metropolis of Missouri. He is on the staff of the medical school of Washington university and a surgeon at Barnes hospital and also has a private practice. Our loss will be a decided gain to St. Louis and while most sincerely regretting the loss of such an amiable and accomplished young lady all will unite in wishing her most abundant happiness.

Mrs. Thomas Davis of Lynnville was a traveler to the city yesterday.
